

## ABOVE SDT Leadership Meeting – 8/6/13

Attending: Peter G., Eric K., Dan Hodkinson, Dan Hayes, Libby L., Leanne Kendig; Rapporteur: Liz H.

### Current Business:

#### 1. Western Canada Trip

- a. Preparations are underway for the trip by members of the ABOVE SDT Leadership team and the Logistics team in late August. Action Items from the discussion include:

**Action Item:** Site visits – Eric K., Dan Hodkinson and Leanne to follow-up with Jen Baltzer on 8/7/13 to discuss final plans for the site visits.

**Action Item:** Edmonton meeting with Canadian scientists – Eric K. to discuss the draft agenda with Juha M. for the meeting with Canadian scientists. Consider leaving time for a discussion of current Canadian research locations.

**Action Item:** Edmonton lodging – Leanne K. to look for hotels in Edmonton. Juha M. may be a good contact to discuss possible hotels.

#### 2. Upcoming SDT Telecon on 8/14/13

- a. The plan for this telecon is to have the different SDT small groups report on their current progress in crafting their sections of the ACEP.

**Action Item:** Dan Hayes to remind the SDT about the upcoming call and encourage the small groups to continue working on their sections of the ACEP.

#### 3. Upcoming SDT Telecons

- a. Full SDT Telecons will continue as planned, even during the time of the trip to Canada as Dan Hayes will be available during those dates to lead the meetings (8/29/13 and 9/11/13)
- b. Dates were confirmed for the upcoming SDT leadership telecons:
  - i. SDT leadership Telecons: 8/13/13, 8/20/13, 8/27/13
  - ii. Leadership telecons for 9/3/13 and 9/10/13 are cancelled as many members of the team will be in Canada during that time

#### 4. Meeting with Japanese researchers

- a. Plans are underway for a meeting with Larry Hinzman, Japanese researchers from IARC and the SDT leadership team. Possible dates were proposed (September 17<sup>th</sup>, 18<sup>th</sup> or 19<sup>th</sup> at 8pm Eastern).

**Action Item:** Peter G. to respond to the IARC scheduler with the potential dates.

#### 5. Ongoing Items

- a. Have CARVE present key findings and uncertainties at an upcoming telecon (possibly in September)
- b. AGU ABOVE Townhall request has been submitted
